Recoupment of Fees

- The VA fee recoupment standard applies to all IRRRLs, including, but not limited to IRRRLs where: the principal balance is increasing, the term of the loan is increasing, or where the loan being refinanced is an adjustable-rate mortgage (VA Circular 26-19-22).
- 1. IRRRLs Resulting in Lower P&I Payments:
 - a. Requirement: Fee Recoupment must be \leq 36 months after the date the loan is closed
 - b. Calculation: There are 2 types of calculations - Comparison Statement Calculation (Disclosure) and Statutory Calculation. If the Comparison Statement Calculation provided in the disclosure statement passes the \leq 36-month test, the Statutory Calculation is not required.
 - i. Comparison Calculation: For all IRRRLs, the Comparison Statement Calculation must be completed, as follows:
 - A. Add the following items from the Loan Estimate (initial disclosure) or Closing Disclosure (final disclosure): origination charges, services you cannot shop for, services you can shop for, taxes, other government fees, and the VA funding fee.
 - B. Subtract any lender credits.
 - C. Divide that amount by the decrease in monthly PI payment. Note that the monthly PI payment is calculated using the total loan amount, including any financed VA funding fee.
 - D. Lender Certification: If the recoupment period is \leq 36 months: during the LGC process the lender may upload the final Comparison Statement Disclosure to certify to VA that requirement is met.
 - ii. Statutory Calculation: If the recoupment period on the final Comparison Statement Disclosure is $>$ 36 months, the Statutory Calculation must be completed.
 - A. Divide all fees, expenses, and closing costs, whether included in the loan or paid outside of closing (i.e., an appraisal fee), by the reduction of the monthly PI payment.
 - B. Exclude the VA funding fee, escrow, and prepaid expenses, such as, insurance, taxes, special assessments, and homeowners' association (HOA) fees
 - C. Lender Certification: The Lender must document the Statutory Calculation, and must certify to VA that the \leq 36 months Fee Recoupment requirement was met using the Statutory Calculation
 - iii. Eligibility: If the loan does not meet the \leq 36 months Fee Recoupment requirement using at least one of these calculation methods, the loan is not eligible for VA guaranty
 2. IRRRLs Resulting in Same or Higher PI Payments:
 - a. Requirement: The Veteran may incur no fees, closing costs, or expenses (other than taxes, amounts held in escrow, and fees paid under chapter 37 (e. g., VA funding fee),
 - b. Calculation: No calculation is required for Fee Recoupment purposes. (However, a calculation is required for Comparison Statement Disclosure purposes)
 - c. Lender Certification: The lender should submit evidence to VA that the Veteran has incurred no fees, costs, or expenses (for example, as documented by the Closing Disclosure (CD).)
- Also see VA Circular 26-19-22, Exhibit B – Determining Recoupment Period for IRRRLs
